Schoolmatcheasier1418 – a simple site to help you find an exchange school in Belgium

Schoolmatcheasier is an online resource for schools interested in starting an international project and looking for a partner school. It could be a fantastic way to develop and share your Legacy110 project!

The site helps you to identify schools in Belgium which are looking for international partners with whom to deliver a First World War Centenary project. The database is searchable by country, target group, age of the students, themes and subjects.

To use the tool, simply register, create a profile and start searching. You can contact potential partners to establish networks and facilitate your project.

A fantastic opportunity to develop your Legacy110 project.
